

# New COVID Survival Pack

A full billing service for just 1% of receipts. Download the app and start billing. Your patients will thank you.

Stay home. Run your practice from your phone. It's all you need.

## What's in the pack?

- Free set up
- No monthly minimum, no lock in periods
- Australia's only medical billing app. Bill from the palm of your hand straight to Medicare
- Live status updates on the app so you know when your claims have been paid
- Money straight to your bank account overnight
- We follow up rejections. We know you need revenue right now and that's our job. We will get you paid while you focus on keeping your practices alive
- Australia's only medical billing rules engine. We will manage the ever changing COVID billing rules, so you don't have to. The app will stop you if you are billing incorrectly
- Comprehensive monthly reports
- Share patient function – it's just like sharing contacts in your phone
- Support via WhatsApp / phone / email / whatever works – we will be there for you!

## Terms

- Bulk bill only
- Outpatients only
- COVID item numbers only
- Unlimited claims
- Unlimited picture conversions so you don't have to type in patient details
- One provider number per practitioner
- Individual GPs and allied health only
- Monthly fees debited from your credit card. Price is ex GST
- No free trial

## Call your patients now!

Tell them you are open for business on the phone or video, so they don't have to come in.

You focus on your patients - we'll get you paid - and we will get through this together. COVID be damned!

**We asked ourselves:** how can we provide GPs and allied health workers with the fully serviced, mobile, MBS billing solution they need right now, without having to put our own staff off?

And we came up with the 'COVID SURVIVAL PACK' because we are all in this together.

When it's over we hope your practices have survived and we hope we survive too, because there's no PPE for medical administration!
